2015 – 2017: Ezlo front-end developer: HTML, CSS, SCSS JS, Jquery, websites support
2004 – 2015 Engineer in HVAC

Shared Code:

1. React + Redux app (polling fake API, populating input fields accordingly their types (number or string), you can modify any value and it will be stored in app state, etc):
App: https://yuriidonev.github.io/Players_UI/
Code: https://github.com/YuriiDonev/Players_UI/tree/dev

2. React + Redux app + Youtube API search and previews (you can use Youtube search in header to get new videos. If you click on any preview image, video in new page will play):
Code: https://github.com/YuriiDonev/Image-Slider

3. React + Redux Jump-page, e-commerce helper:
Web Site: https://yuriidonev.github.io/carp-feeder/
Code: https://github.com/YuriiDonev/carp-feeder

4. React-Redux-App
Code: https://github.com/YuriiDonev/Test-React-Redux
This application allows to add, edit and remove artists, locations etc.

Education:
2015 SourceIT Front-end, Javascript
2016 Retargeting Google Analytics, Adwords, facebook pixel. Internetmarketing.
1999 – 2004 Kharkov State Technical University of Construction and Architecture. Qualification: Engineer.

Personal qualities:
Responsibility, desire to learn, sociability
